Keeping Her Home

Brittany needed help. She was behind in her mortgage and energy bill. She was out of work as an Expanded Functions Dental Assistant, as her practice did not have enough work for her. She spent her time attempting to find new employment in her field, but was having trouble finding any work. She switched jobs to work as a home health aide to improve her situation. The position paid less than her previous role, but it was better than continuing without income. However, Brittany still needed help with her bills. She reached out to the Our Lady of the Rosary Conference for assistance. The Conference volunteers listened to Brittany's story, and were able to assist her in paying her mortgage and energy bill to ensure that she didn't lose her home.

With SVdP's help, Brittany was able to keep her home while she focused on finding work.
